

BABAYEMI AYOMIDE SAMUEL

Software Engineer . Frontend Developer
with 5 years of experience

A **Software Engineer & Frontend Developer** with hands-on experience designing & building **responsive, user-focused web applications**. Skilled at bridging clean code and great user experience, I excel in **Agile/ cross-functional teams** to deliver high-performance solutions. My toolkit spans **React, TypeScript, Tailwind CSS, Firebase, Node.js, and REST APIs**, enabling me to tackle complex frontend challenges and ship products that users love.

FRONTEND DEVELOPER WORK EXPERIENCE

Tedpime- Hub, Nigeria, August 2024 - March 2025

- Built responsive user interfaces using React and Tailwind CSS, ensuring cross-browser compatibility and mobile-first design across multiple live projects.
- Collaborated on client-facing web applications within an Agile/ Scrum environment, participating in sprint planning, daily standups, and iterative code reviews.
- Received hands-on mentorship from senior developers on component architecture, state management, and frontend best practices
- Contributed to the development of interactive, user-friendly web pages that improved overall usability and end-user engagement.

TOOLS

Frontend :

React, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

Backend & Databases :

Node.js (basic-intermediate), Firebase (Auth, Firestore, Realtime DB), REST APIs

Tools & Platforms :

Git/GitHub, Vite, NPM/Yarn, VS Code, Firebase Hosting APIs & Services
Google Maps API Integration
